

"ONE OF THE TESTS OF SAFETY IS THE ABILITY TO RECOGNISE A PROBLEM BEFORE IT BECOMES AN EMERGENCY."

GARY LANCASTER

QHSE MANAGER

POSITION SUMMARY

The Quality Health Safety Environment (QHSE) Manager promotes safe behaviour and a zero harm culture throughout the Newlands Group. The QHSE Manager implements the Newlands Group QHSE policies; achieves the QHSE objectives and targets and provides strategic QHSE direction for the Newlands Group. The QHSE Manager ensures all projects and actions of the Newlands Group are carried out in accordance with the Newlands Group Policies and Procedures including Work Health and Safety Act 2011 and the Newlands Group Environmental System and legislative requirements.

Gary has more than 36 years of experience as a qualified builder, with more than 10 years working directly in Quality, Workplace Health, Safety and Environment. Gary is responsible for preparing and implementing the Project Safety Plan, environment management, conducting safety audits in each project and for ongoing maintenance of the integrated management systems, ensuring compliance with relevant industry standards.

AREAS OF EXPERTISE

- Advising and directing projects with safety concerns
- Maintaining safe workplaces and implementing policies for specific sites
- Maintaining incident registers and return to work rehabilitation
- Co-ordinating safety audits and inductions across multiple construction and civil projects

GARY LANCASTER

QHSE MANAGER
